DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action (claims 1-30 rejected) has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/20/07 has been entered.
2. Claims 1, 11, and 21 have been amended. Claims 1-30 are pending and have been fully considered by the examiner.

Response to Amendment

3. Applicant's arguments, see page 10, filed 7/10/07, with respect to claims 1, 11, and 21 have been fully considered and are persuasive. The rejections of claims 1-30 under 35 U.S.C. 103(a) have been withdrawn.

Allowable Subject Matter

4. Claims 1-30 are allowed.
5. The following is an examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fail to teach, in combination with the other claimed limitations, automatic generation of a resource type for an application ... which has multiple independent process trees... creating a file specifying, for each process tree of the

multiple independent process trees, a command to start each process tree of the multiple process trees. These limitations are present in each of independent claims 1, 11, and 21. The distinctions provided by the independent claims apply equally to all dependent claims. Thus all pending claims 1-30 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
